Expenditures In Connection with the Pennsylvania Capitol.

Harrisburg, Pa., April 25.—As a result of the investigation by the legislative committee into the expenditures of $9,000,000 for furnishings and decorations for the new state capitol, it is probable that criminal proceedings will be instituted by the state against certain persons who have prominently figured in the investigation. Both Governor Stuart and Senator Fisher, chairman of the investagation commission, have declared their belief that enough evidence has been brought out to warrant such action. The governor, it is said, will lay the matter before the attorney general as soon as the commission has made its final report.

The commission has been investigating the charges of extravagance, over-charges, duplication in payments of bills and fraud for nearly two months and has yet to take the testimony of many important persons. Among those to be examined is former governor, Mr. Pennypacker.

"The title of the emperor is one of dignity," said the consul. MEMORIAL DAY WILL BE OBSERVED TODAY

Heroes of Confederacy to be Remembered by Daughters.

AN INTERESTING PROGRAM

Carriages Will Convey Ladies to Cemetery This Morning, Where Decoration of Graves Will be Made—Exercises at Band Stand in Afternoon.

Today is a day which will be chershed and observed by the daughters of the South, being the annual Memorial or Decoration Day. An appropriate and impressive program has been arranged in which the Kirby Smith and the J. J. Finley Chapters, United Daughters of the Confederacy, will unite. The first of these exercises will begin at 9o'clock this morning, when carriages will convey the ladies of both chapters to the cemetery, when handsome and fragrant bouquets and wreathes will be placed upon the graves of departed heroes.

The Afternoon Services.

The afternoon ceremonies will be held at the Kirby Smith Monument on the north side of the court house square, and the program as prepared will be very interesting. The exercises will be conducted under the auspices of Kirby Smith Chapter, but a most cordial invitation has been extended to the ladies of J. J. Finlew Chapter, which has been accepted, and the program under these conditions this year promises to prove one of the most impressive and enjoyable ever held here.

Stonewall Camp, U. C. V., and Lew Wallace Post G. A. R., have also received invitations, and will no doubt have good representations. The public also is extended a cordial invitation.

The ladies were busily engaged during yesterday decorating the monument with the colors, many pot plants of rare quality having also been employed in the work. The immense streamers from the peak of the monument to each of the four corners, makes a very attractive decoration.

Frank Clark to Talk.

Hon. Christopher Matheson will act as master of ceremonies at this afternoon's exercises, which will begin at 5 o'clock. Rev. Francis Craighill of Holy Trinity Episcopal church will open the exercises with prayer. He will be followed by a memorial address by Hon Frank Clark, Congressman from the Second District, who will interest his hearers with a magnificent address. Col. Clark is one of the most fluent and most pleasing speakers in the State, and it may be said in advance that his remarks will prove not only refreshing, but historical.

At the conclusion of Congressman Clark's address the crosses of honor will be conferred upon those who deserve them by Judge Horatio Davis, commander of Stonewall Camp, U. C. V., which will conclude the exercises.

Cadets to be There.

Another impressive feature of the occasion will be the presence of the two companies of cadets from the University of Forida, who will march to the scene, and who will remain until after the exercises are over.

Attention, J. J. Finley Chapter.

You will please be at the band stand this morning at 9 o'clock bringing flowers and join in the observance of our State memorial.

You are cordially invited by Kirby Smith Chapter, U. D. C., to attend their memorial exercises at 5 o'clock this afternoon on court house square.

BABY SHOW WAS A GREAT SUCCESS

Handsome Babies of Gainesville Shown to Good Advantage.

SEVERAL PRIZES AWARDED

In the Evening the Young Ladies Presented a Tableaux, Which Made a Beautiful Effect—Spring Carnival Was a Grand Success in Every Way.

One of the most enjoyable, as well as most successful, social events ever held in this city along the same lines was held on the lawn of Col. and Mrs. W. W. Hampton, East Church street, Wednesday afternoon and evening, being the spring carnival given by and under the auspices of the ladies of Holy Trinity church.

This entertainment was more enjoyable, on account of the novelty of its character. The festival began in the afternoon at half-past 3 o'clock by a pony parade, all the ponies of the little folks being lined up with their vehicles handsomely decorated. The parade through the streets attracted a great deal of attention and admiration. The decorations showed remarkable skill in many instances, and the parade was one of the leaders of the function.

In the afternoon there was a baby show—and a great baby show it was, too. Dozens of little tots, boys and girls, were entered from every section of the city by their proud parents, and when the voting for honors in prizes began it was an interesting one. So numerous and so handsome and cunning were all the little ones, that it was indeed a difficult proposition to cast a ballot for the best.

The contest, however, lasted until late in the afternoon, finally resulting in the following decisions:

First prize for girls, little Anna Hutchinson, daughter of Mr. and Mrs. Harvey L. Hutchinson; second, Lillian, daughter of Mr. and Mrs. Geo. P. Long; third, Dorothy, daughter of Mr. and Mrs. M. H. McClamroch; fourth, Esther, daughter of Mrs.. Esther C. Jordan.

Of the boys, the first honors were won by Noyes Capehart, son of Mr. and Mrs. Geo. P. Long; second, George, son of Mr. and Mrs. Fred W. Krug; third, Burkett, son of Mrs. Esther C. Jordan.

It is needless to add that the proud parents greatly appreciated the honors, which were just and proper.

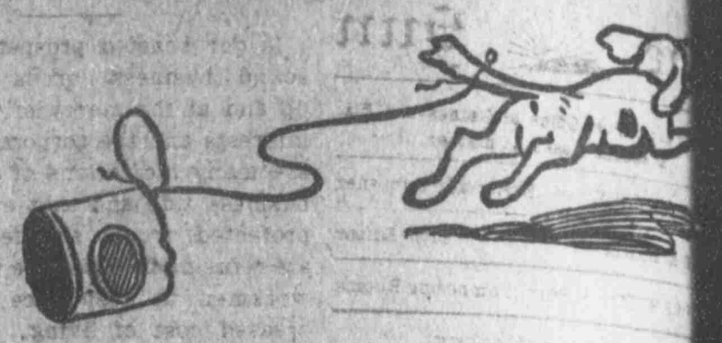
The Evening Exercises.

In the evening the weather was delightfully fair, and about sixteen charming young ladies of the city presented the "Fire Worshippers," a tableaux made famous for its beautiful and striking effect. The tableaux was made all the more impressive and beautiful by various colored lights which were reflected upon the scene.

Delicious refreshments were served during the afternoon and evening, and altogether this was one of the most enjoyable and successful social functions ever seen in Gainesville. It was largely attended and no one has a regret to make for being present.

It is understood that the ladies realized considerably over a hundred dollars from this entertainment, which will be used on the building fund.

The Tale of a Pail



Women are creatures of habit. They form the habit of doing a certain thing and often continue it after improvements have been made.

Take shortening for instance. The old-time way was to purchase bulk lard, in a barrel or tub, which the grocer uncovered as soon as received, leaving it open to dirt, dust and flies, exposing it in some cases to the sun with the possibility of its becoming rancid, and permitting it to be placed where it would be likely to absorb the odor of cod-fish, soap or kerosene oil. This is an old-fashioned, out-of-date method of buying shortening, but many people still continue it. We wonder why? Probably, just a matter of habit.

There is a better way. *Cottolene* is not only superior to lard as a shortening, from the fact that it is a vegetable, and cleanly product, while lard is made from greasy, indigestible hog-fat, but *Cottolene* reaches the consumer in the same condition it was on the day we manufactured it.

If cleanliness, healthfulness, economy and superiority count for anything there is no excuse for any housewife in the land using other than *Cottolene* for shortening and frying. You owe it to yourself and family, as a careful housewife, to give *Cottolene* a test, and verify the claims we make for it.

Any one who expects to live his allotted three score years and ten cannot afford to experiment with lard cooked food. It is a foe to good digestion and a healthful condition of the stomach—*Cottolene* is the only satisfactory and perfect shortening.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

A LIBERAL RATE.

Railroads Are Disposed to be Fair in U. D. C. Rates to Jacksonville.

Mrs. W. B. Taylor has received information from Mrs. J. D. Sinclair, State president of the United Daughters of the Confederacy, Jacksonville, to the effect that tickets will be sold to Jacksonville and return from all points in Florida from April 26 to May 5, inclusive, account of the State convention of the Daughters, at one and one-third fare for the round trip.

This fare does not include members of the chapters exclusively, but it understood all those who desire to visit Jacksonville on this rate.

In purchasing your ticket, secure a certificate from the agent, which certifies that you have paid full fare on this plan. Present your certificate to the agent at Jacksonville on the return, when he will sell you a ticket for one-third fare.

This is a very liberal offer, and there is no doubt but that the people of this section will take advantage of the same, whether they desire to visit Jacksonville on the occasion of the State convention or not.

Special Order.

At 11 o'clock the House took up the special order of the day, Gov. Broward's message vetoing the bill to require the trustees of the internal improvement fund to pay into the State treasury all funds in their possession, and repealing the act of 1903, providing for the turning over of all moneys left in the fund, after satisfying all claims against it, to the good roads funds of the several counties.

Mr. Carter of Alachua spoke in favor of sustaining the veto, holding that the act would be tantamount to an absolute abolition of the board of trustees of the internal improvement fund. As a member of the House, he was compelled to consider the wisdom and policy of the bill as well as the Governor's reasons for withholding his sanction from the law. The bill itself looked innocent, but a careful scrutiny would reveal "a fine Italian hand" in the interest of a certain set of people, who are interested in this State. Referring briefly to the obligation of the trustees to drain and reclaim the swamp and overflowed lands granted the State by Congress, and denied the right of the Legislature to divert the internal improvement funds from the reclamation of these lands, which, he declared, would be in violation of trust for the benefit of railroad and land grant corporations, and the trampling of honor under foot. His argument that the funds, if placed in the treasury as contemplated by law, could be used only in paying the claims of the corporations, received loud applause. There would be nothing left but the five State officers looking at each other, and the funds in paying land grant claims which were illegal and a fraud against the people. His state of health had prevented his looking up the legal authorities to sustain his position, but personally he doubted the power of the Legislature to abolish the board, and certainly not without making provisions for the winding up of the trust.

Mr. Pettigrew of Manatee, the Socialist side of the House, made a short speech to sustain the veto which was warmly applauded by his Democratic colleagues who agreed with his position.

Mr. MacWilliams, in conclusion, spoke briefly. He agreed with Mr. Carter that many of the land grants were illegal, but as a matter of principle, could not admit that the creature of the Legislature was beyond Legislative control.

Mr. Parkinson held that the trust was a valid contract between the United States Government and the State of Florida, and the Legislature should not cripple the trustees. He thought the laws of the United States cited by the Governor were the best of all reasons for the veto.

The speaker put the question, "Shall the bill pass the Governor's veto to the contrary notwithstanding?"

The roll was called and 13 voting aye and 42 nay, which sustained the veto. Those voting in the affirmative were: Messrs Abernathy, Donegan, Hartsfield, MacWilliams, Melton, Millinor, Morrison, Olmstead, Roddenberry, Taylor, Wartmann, Wells.

By unanimous consent Mr. Matthews of Marion introduced House resolution No. 60—Inviting Congressman William B. Lamar to address the House Wednesday night, May 1, upon the subject of Interstate Commerce. He accepted an amendment by Mr. Carter inviting Hon. Walter Kehot to address the House at the same time upon the same subject; adopted.

Returning to the regular order, the House took up House bill No. 278, by the committee on finance and taxation, relating to procuring license for carrying pistols, rifles and shot guns; passed, yeas 24; nays 18.

The House adjourned until 9 a. m. Thursday.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

HARD ROADS NOW FOR EAST END

Road Teams Transferred From Hogtown Creek to East End.

ROAD TO PRAIRIE CREEK

Commissioner Pedrick Will Put Machinery to Work, and Proposes to Push Work as Rapidly as Possible. Hard Roads Now the Order of Day.

The road camps, which have been located on the Hogtown creek road for the past few months, where the team has been doing some fine work, has been ordered by Commissioner Pedrick of this district to take up the work on the roads in the eastern section, with the result that the team has been transferred to a point on the Gainesville-Prairie Creek road, about four miles to the eastward of this city.

This team, which is under supervision of Foreman T. R. Waits, proposes to begin at once the construction of a hard road from the "leaving off" point to Prairie Creek, a distance of about three miles. It is proposed to make this road of clay and gravel, as there is an abundance of both along the route. Clay and gravel makes an excellent material, hence this stretch of road will prove of great benefit to those who have occasion to use it.

The road leading westward from the University buildings was constructed of a combination of clay and soft rock, better known as marl. This road has given excellent service, and if the same material can be secured on the east there is little doubt but that the thoroughfare will be lasting and satisfactory.

Commissioner Pedrick states that he proposes to build the road now in contemplation in the quickest time possible. He will employ the traction engine and road machinery, as as well as the teams, and hopes to give the people coming from that way a fine road from Prairie Creek to Gainesville, a distance of about seven miles, in a short time.

BABY TORTURED BY ITCHING RASH

Face and Feet Covered—Rest Broken and Would Cry Until Tired Out—"Cradle Cap" Added to Baby's Torture—Tries Cuticura Soap and Cuticura Ointment.

IMMEDIATE RELIEF AND SPEEDY CURE

"My baby was about nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially nights. They would cause her to be broken of her rest, and sometimes she would cry until she was tired out. I had always used Cuticura Soap myself, and had heard of so many cures by the Cuticura Remedies that I thought I would give them a trial. The improvement was noticeable in a few hours, and before I had used one box of the Cuticura Ointment her feet were well and have never troubled her since. I also used it to remove what is known as "cradle cap" from her head, and it worked like a charm as it cleansed and healed the scalp at the same time. Now I keep Cuticura Ointment on hand in case of any little rash or insect bites, as it takes out the inflammation at once. Perhaps this may be the means of helping other suffering babies. Mrs. Hattie Currier, Thomaston, Me., June 9, 1906."

CUTICURA—THE SET, $1.

Consisting of Cuticura Soap Ointment and Pills.

A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, with loss of hair, from infancy to age, when all other remedies and even the best physicians fail. Guaranteed absolutely pure.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. TO BUILD ANOTHER PLANT.

Eddins Manufacturing Company Will Have Another Fine Building.

Workmen were engaged a few days ago, and already have begun the laying of the foundation of the new planing and cabinet making building of the Eddins Manufacturing Company, which was destroyed by fire about three weeks ago, and which was one of the largest and best of the kind in the State.

While the original plant was a modern one, the company, realizing many improvements which could have been made, propose to remedy this matter now, with the result that they will have a place absolutely up-to-date in every way.

This plant will be equipped with the latest improved machinery, and will be better than ever. It is calculated that the new plant will be ready for work within the next few weeks, if the machinery can be received and installed by that time.

FEEL RUN DOWN?

Many people do in early spring. Perhaps it is the reaction from the winter manner of living. But whatever the cause, it is an unpleasant condition, unfitting its victims, for the activities of life—the proper enjoyment of life itself, in fact. A simple, altogether unobjectionable remedy, well calculated, according to physicians, to restore the lost tone and vitality to the rundown system is composed of ¼ oz. Fluid Extract Buchu, 1 oz. Bulso Mixture, ¼ oz. Fluid Extract Gentian Compound and 15 ozs. water. These ingredients are obtainable at small expense at any good drug store and may be combined by the pharmacist or at home, as desired. The dose is one table-spoonful three times a day, before meals. The preparation is said to be one of the best spring tonics known to medical men.

Huge Appeal for Pardon.

Kansas City, April 25.—The petition to President Roosevelt containing 20,000 names, asking that he pardon Charles W. Anderson, was forwarded Wednesday to Senator William Warner, at Washington, D. C. This huge appeal has been prepared since Friday last, when Anderson, a respected business man, was arrested here and returned to the federal penitentiary at Leavenworth, Kans., from which he escaped eight years ago.

BIG DEAL PENDING.

Negotiations for Purchase of Large Properties in 'Frisco.

San Francisco, April 25.—The Call says: Negotiations for the purchase of the United Railroads have been in progress for the last month and the sale of the street railway properties in San Francisco may be consummated at an early date.

Three representatives of eastern capitalists have been in this city for the last three weeks conducting a thorough investigation of the system.

H. E. Huntington has been mentioned as a probable purchaser of the stock. He has just returned from the east, and it is rumored that he has determined to renew his connection with the traction interests in San Francisco.

Another who has been mentioned as a possible purchaser of the stock is Thomas F. Ryan, who has been active in acquiring traction properties throughout the country.

HAD SEVENTEEN WIVES.

Bigamist Said To Have Defrauded Them of $150,000.

Harshall, Mich., April 25.—Dr. John A. Carver, alleged bigamist, who is said to have at least 17 wives, was captured Monday at Ft. Smith, Ark.

Carver is charged with defrauding his wives out of $150,000. The specific charge on which he was arrested, was that of defrauding Mrs. Lola Davis, of Battle Creek, out of $25,000. Carver married her on October 16, 1906, at Battle Creek, Mich. He went with her to New York and they decided to buy a boarding house. He told his wife to go home and raise all the money she could on her property and forward him a draft, and he would make arrangements to have her come on in two weeks, after all details had been settled. He got the money, it is claimed, and then disappeared.

Young Lady Attacked by Negro.

Fitzgerald, Ga., April 25.—Miss Lizzie Floyd, a saleslady in the Empire Mercantile company, while on her way home Tuesday night, was attacked by a negro. It was raining and the young lady carried an umbrella, and as she passed a negro in crossing a vacant lot, she was seized by the throat and struck a blow on the back of the head. As she fell to the ground she broke away from the negro and screamed, he made a second attack but was frightened by her screams and ran.

May Dig Canal to Atlanta.

Dublin, Ga., April 25.—Colonel C. P. Goodgear, of Brunswick, is considering quite a startling proposition. The scheme is nothing more or less than digging a canal to Atlanta from some convenient point on the Oconee river and making it possible to run boats to that city. Colonel Goodgear, who has figured and is figuring on the project, states that he has not discovered that there will be any difficult engineering problems to overcome, and that it looks feasible to him.

SHORT TALKS BY L. T. COOPER.

MEDICINE.

It's curious what some people believe a medicine will do. They seem to think because I advertise my preparations I claim they will cure anything and everything. Well, I don't.

MISS ISAACSON.

The other day I got a letter from a woman who said her husband had been in bed eighteen years with paralysis. She had bought seven bottles of the Cooper medicines and her husband was still in bed. She stated that I was a scoundrel, a robber and various other pleasant things.

Now the only thing I claim for Cooper's New Discovery is that it will put the stomach in working order. I know that if this is done, rheumatism, constipation, kidney and liver troubles, nervousness, and the general tired out, despondent feeling will disappear in ninety-nine cases out of a hundred. I know this medicine to be a fine tonic which used twice a year will throw off impurities and add flesh, strength and tone to the entire system. But it will not do the impossible. No medicine on earth will do more than help nature. Certain diseases are beyond all medicine, although God in his wisdom may some day give us frail humans a knowledge of how to cure them. At present I know Cooper's New Discovery to be as thoroughly efficient a medicine as was ever on the market, and people who will take it for the common ills to which flesh is heir will be more than satisfied.

Here is a letter from one who has tried: "For a long time I have suffered from severe headaches, weakness, and pains in my back and sides."

"Nothing I tried gave me relief, and a friend advised me to try your medicine. I improved from the first week. My backache and headache left me and I felt myself growing stronger. My appetite increased and I felt greatly improved in every way. I am indeed thankful for the benefit I have received." Miss Jennie Isaacson, No. 18 15th Avenue, West, Duluth, Minn.

We have sold and are selling great quantities of these famous medicines.

BUSINESS CONDITIONS.

Is our boasted prosperity based on sound business, or is it bolstered up and at the mercy of the protected interests and the corporations? There are many indications of a turn in the business tide and that even the tariff protected trusts are feeling it and are refusing to raise the wages of their workmen to keep pace with the increased cost of living. The railroad managers are postponing indefinitely all track construction and other improvements not in course of completion or absolutely necessary. "Workmen are being discharged," says a dispatch from Chicago, "and wages of laborers who last year were receiving $1.50 to $2.25 a day, are now accepting from $1.25 to $1.50. Track layers or steel gangs get from $1.40 to $1.60 a day or about 50 cents less than last year." The same dispatch also informs us that "Italian, Greek, Austrian and Belgium laborers are now far in excess of the demand for them," for, of course, the poorest laborer is the first dismissed and employers take their pick of those wanting work.

If this shutting down process continues to any extent there will be a period of great suffering next winter in the greater cities, for the inpour of immigrants still shows no sign of slackening. This congestion of laborers in the cities may be in a measure palliated by large crops and the offer of good wages by the farmers to gather them. But raw labor that does not understand the using of machinery, or handling horses and who cannot speak or understand English, are not acceptable, so the relief must come by the more intelligent labor seeking the farms and fields and thus loosening the strain on those who remain in the cities. It is astonishing how soon a small surplus of labor reduces wages, causing misery in place of prosperity, when the prosperity depends upon the hot bed system of protecting industrial corporations by the tariff and public service corporations by monopoly.

The fact is the Wall Street element, which controls all the corporations, have sickened to death the goose that has been laying the golden eggs, by feeding her on stocks and bonds in much greater amount than could be digested. Even the gold and currency inflation has not been sufficient to keep pace with the bogus prosperity and a period of fasting is necessary to allow the goose to recuperate. This must be accompanied by a similar period of declining prices for with reduced wages, consumers cannot buy so freely, until there is an evening up between wages and prices.

The moral the public, who will be the chief sufferers, should take to heart, is that tariff protection to trusts and corporations will not produce lasting prosperity, for it is eventually disastrous to take from the many for the benefit of the few. And that is what the Republican system of so-called protection accomplishes.

An esteemed contemporary in copying a paragraph about Mr. Taft being called "the jolly man" by the Cubans, got it "the jelly man." The mistake goes, however.

The Detroit Free Press says: "Mayor Busse of Chicago will be the first to serve a four-year term in that office." Perhaps not. He may get sick of the job.

If Secretary Taft resigns to run for the Presidency, we are wondering what three men the President will appoint to occupy his seat in the cabinet.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Take Hall's Family Pills for constipation.

Quite a little excitement was caused among the correspondents one night this week by the report that E. H. Harriman was making a hurry-up trip to Washington from New York. The immediate conclusion was that there was something big doing in the railroad situation. Several of the New York correspondents received wires from their home office that Harriman was flying to Washington by special train and to catch him and interview him at all cost. The information was true enough, but Mr. Harriman alighted from his private car outside the depot and drove up town on his mysterious errand. Newspaper Row was turned upside down for a while in an endeavor to locate him and it was not till the small hours of the morning that it was discovered me had been harmlessly attending a dinner of the Academy of Science at the home of Chas. D. Walcott, secretary of the Smithsonian Institute. It seems that Mr. Harriman and Mr. Walcott are old friends and he asked for an invitation to the dinner some weeks ago. Of course it was given, and he jumped in his private car and went down to Washington to attend it, returning in the same way to New York long after midnight. He had spent the evening very innocenty by sitting between a doctor of philosophy of Johns Hopkins and a professor of Harvard. But it was hard to make the newspaper men believe anything Harriman could do was harmless.

There has been a little breeze in diplomatic circles this week over the revocation of the exequator of Vice-Consul Ekerstrom, representative of Sweden, in St. Louis. It is not often that the United States asks for the recall of a consul, but Mr. Ekerstrom has been mixed up in a fight with the Postoffice Department over a publishing company in St. Louis that had been barred from the use of the mails. It was not a thing in which a foreign consul would usually be involved, but Mr. Elkerstrom has not only engaged in the fight but had written a letter to the President attacking Ex-Postmaster General Cortelyou. His recall was therefore asked for and he has been spending all of this week in Washington trying to explain to the State Department how sorry he was. His apology has been taken under advisement by Secretary Root but no decision in the case has yet been announced and it is likely that he will be made an example of as a warning to foreign officials to let our internal affairs alone.

THE FISH INDUSTRY WILL BE REVIVED

Fishermen Are Again Happy, on Account of Recent Rains.

LAKES AND STREAMS RISING

Fish Were Dying for Want of Water, But Recent Rains Have Caused Streams and Lakes to Rise—Full Force Will Soon Be at Work Again.

The recent rains, while they have been of a great deal of help to the growers of this section, will prove equally as helpful to those engaged in the fishing business, as the downpour will tend to swell the lakes and streams in the community, many of which had almost gone dry during the long and continued drought, with the result that the fishermen were suffering, as hundreds of men are employed in this industry in the vicinity of Gainesville.

One of the most important industries in Alachua county is the fishing industry. Up to the time when many of the streams and lakes went dry, and others were very low, thousands of pounds of choice fish were caught and shipped daily, and these fish were considered by connoisseures to be among the most delicate and toothsome in the country. The fish were shipped to many points, principally Macon, Atlanta and Cincinnati, where they always brought big prices.

The drought lasted to such an extent that the fishermen, who had big interests at stake, began to look blue, declaring that the lakes were going dry, and that they would be unable to fish much longer. However, the rains have now remedied the situation, and operations may be resumed, as the fish will soon recover from the receding waters.

The usual force of fishermen will again be employed, and the industry will be resumed in its former importance.

Rheumatic Pains

Sore Hands or Feet

Gives Instant Relief

Minard's Liniment was prescribed by Dr. Levi Minard in his private practice fifty years ago. It is the most effective, economical, and clean-to-use external application for rheumatism, neuralgia, pleurisy, stiff, twisted joints, sore, strained, or lame muscles, tired, aching feet, any pain or ache, as well as for throat and lung troubles and as a general family medicine. So pure and antiseptic, so powerful, penetrating, and soothing. Minard's Liniment has justly earned its title, King of Pain.

CURED THIS MAN

Will Cure You

"Accept my heartfelt thanks on behalf of my aged father, who for the past six months was severely troubled with rheumatism in left arm, so much so that he could no longer work at his tailoring profession, and after consulting the leading specialists of this city, and trying enough so-called remedies to sink a boat, we finally made up our minds that he was a hopeless invalid. I can truthfully assert the fact that my father's paralyzed arm regained its full vigor and it is today as well as it ever was, after using Minard's Liniment.—

BROKE UP SERVICES.

Free-for-All Fight Occurs in a Kentucky Church.

Ashland, Ky., April 25.—Jasperton, Newman Grayson, in a free-for-all fight, between the Patrick, Sexton and Haney bro hers, broke up a revival service Tuesday night.

The affair was caused by one of the Patricks, who held the hand of Albert Haney's sweetheart. Haney hit Jim Patrick and their friends and Sexton took sides, starting a battle that literally cleaned out the church.

Jim Patrick's skull was crushed. He will die.

The girl, who was the innocent cause of the trouble, was struck by a pair of brass knucks and seriously injured. The other combatants were also injured.

The principals are under arrest.

Railroad in Receivers' Hands.

Atlanta, April 25.—Upon the presentation of a petition by the Pacific Construction company, a corporation under the laws of the state of California, Lawton and Cunningham, of Savannah, and A. H. Jolie, of New York city, acting as attorneys for the complainants, Judge Don A. Pardee, of the United States court Tuesday, placed the Chattanooga Southern railroad in the hands of two receivers. The Chattanooga Southern is a line of 80 miles extending from Chattanooga, in the state of Tennessee, to the city of Gadsden, Ala.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Impressive Incident in Connection with Jamestown Exposition.

Washington, April 25.—Thomas Jefferson Memorial association of the United States has made public a letter from former President Grover Cleveland, unreservedly approving the plan for the reunion of the descendants of the signers of the Declaration of Independence at the Jamestown exposition July 4. Mr. Cleveland says:

"It seems to me that a reunion of the descendants of the signers of the Declaration of Independence on or about the date when this immortal document was signed, would be a most impressive incident in connection with the Jamestown exposition. Such a reunion should certainly have a tendency to stimulate patriotic sentiment and arouse among those who are within its influence a better appreciation of the initial efforts of the fathers of the republic to establish a new nation, and impress upon it the best ideals of a free government."

DON'T DIE AT 45.

Cure the Indigestion Which is So Liable to Lead to Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "shock," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleeplessness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty today in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble, cancer excepted, and give immediate relief in indigestion, is the guarantee that J. W. McCollum gives with every 50 cent box of Mi-o-na to refund the money unless Mi-o-na cures. A guarantees like this must inspire confidence in Mi-o na. J. W. McCollum takes the whole risk and the remedy will not cost you a penny unless it cures.

TWENTIETH CENTURY CLUB.

Largely Attended and Interesting Meeting at Home of Mrs. Broome.

One of the most impressive and most largely attended meetings of the Twentieth Century Club ever held since the club was organized, was held at the elegant home of Mrs. Geo. K. Broome, North Pleasant street, on Monday afternoon.

The meeting was called to order by the president. As the roll was called each member present responded with a quotation on music or art.

A special feature of this meeting was the presence of Mrs. Raynor of Daytona, State president of the Federation of Woman's Clubs, and three members of her board, Mesdames Farrell of Live Oak, Wells of Lake City, and Miss Mary Crosby of San Mateo, who were guests of honor.

The home was beautifully decorated. The first hour was spent in an informal reception to the visiting ladies.

The business meeting was interspersed with music by two of the club's talented members, Mesdames Crow and Becker, and Mrs. Raynor, who was formally introduced by Mrs. L. C. Lynch, responded with a splendid address on general federation, also giving an informal talk on special features of her year's work, "The Traveling Library," which she hoped, by the aid of clubs in the Federation, to introduce throughout the State.

Mrs. Farrell gave an impressive talk on her special correspondence in the nature of reports for The Keystone, the official organ. Miss Crosby also gave a sketch of the school work accomplished by her club.. Mrs. Wells arrived on a belated train, hence did not address the club.

Mrs. Weber, a visitor to our city and an active member of the Millard Avenue Club of Chicago, the second oldest club in that city, made a few terse and impressive remarks on civic work done by the clubs, after which the meeting closed.

During the afternoon delicious refreshments were served by the hostess, which it is needless to add were enjoyed.

All during Monday Mesdames L. C. Lynch, president of the club, and Mrs. W. B. Taylor, chairman of the entertainment committee, were busy meeting trains and locating the ladies, who were charmingly entertained at the homes of Mesdames E. E. Cannon, Sam Davis and L. C. Gracy. Carriages provided by the Twentieth Century Club conveyed the ladies and their hostesses to and from the meeting, and also over our pretty city, visiting the University grounds and other places of interest, which were admired by the visitors, and thanks were extended by the visitors, who hope to be present at the State convention in the fall.

DELICATE CHILDREN

Advice to Gainesville Mothers Who Have Delicate Children.

If we could only make all fathers and mothers in Gainesville regard what we say there would be fewer sickly, delicate children on our streets.

Rapidly growing children need a great deal of vitality. They grow fast, play hard, and work too hard at school, and many such children are tired, thin, pale and worn when they ought to be robust and rosy.

Every run-down, growing child in Gainesville should take Vinol, our delicious cod liver preparation without oil. It requires almost no digestion at all and cannot upset delicate, weakened stomachs as do old-fashioned cod liver oil and emulsions. Vinol also contains peptonate of iron.

It strengthens the digestive organs, makes new vitality, sound flesh and muscle tissue, strong bone structure and pure, rich, red blood. Vinol fills out hollow cheeks and makes thin little arms and legs plump and round.

Said Mr. W. M. Johnson, our local druggist: "We cannot recommend Vinol too highly for puny, weak and ailing children, to build up the run-down, over-worked, tired and debilitated, or to give renewed vitality to the aged, and we cheerfully refund the money in every case where it fails."—W. M. JOHNSON, Druggist.

Note—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Judge Mason has issued a marriage license to J. W. Jones and Miss Fannie C. Chesser, white, and Bessie Moseley and Lamar Carnes, Jasper Twiggs and Marvin Davis, colored.

The Clyde St. Johns River Line Steamer "Fered'k De Bary" will make her last trip of the season from Sanford Tuesday, April 30th, after which time the service will be performed by the Steamer "City of Jacksonville," which is scheduled to sail from Jacksonville Sundays, Tuesdays and Thursdays, and returning leave Sanford Mondays, Wednesdays and Fridays. This line continues to grow in popularity with tourists, and the past season has been a most successful one.

Mr. and Mrs. W. M. Dale, Mr. and Mrs. W. E. Cadwallader and Mr. and Mrs. W. I. Crocker of Providence, R. I., who are visiting Mr. and Mrs. Cadwallader in his city, returned yesterday from a delightful visit to the world-famed Silver Springs, taking a run down the Silver Springs run of several miles. The party was delighted with the trip, especially the visitors, who had never beheld such an entrancing sight. This spring enjoys the reputation of being one of the most beautiful and wonderful attractions in the world, and thousands of tourists visit there annually.

Dr. Rogers Home.

Friends of Rev. S. B. Rogers, pastor of the First Baptist church, are glad to welcome him home again, after a few weeks spent in an Atlanta sanitarium for the benefit of his health. While he is not yet fully recovered, his friends are grateful that he is feeling much better.

No minister in the city is more popular, or has a wider circle of friends, than Dr. Rogers, all of whom have been anxious to hear of his recovery.

Will Give a Social.

The Senior Epworth League of the Methodist church will give a lawn party at the residence of J. B. Padgett this evening at half-past 7 o'clock, to which all Leaguers and their friends are invited.
